“Moving from a paper to an electronic based patient record system would be the single step that would most improve patient safety.”

To Err is Human: Building a Safer Health System, 2000.

“We read him stories and sang him songs whilst they stopped giving him drugs. Our little boy died in our arms.”

%

A close-up photograph of a wooden stamp. The stamp has a light-colored wooden handle with a silver-colored metal ball at the top. The base of the stamp is a rectangular wooden block with the word "REGULATION" printed in bold, black, serif capital letters. The stamp is resting on a document with a grid of numbers and text, including "100", "105", "156", "161", "201", "202", "203", "205", "206", and "EUR". In the background, there are stacks of papers and another wooden stamp, all out of focus.
