Engaging with the School of Management

Access to Talent

fb.com/SchoolofManagement

instagram.com/som.studentexperience

twitter.com/SoMSwansea

“A placement or internship is an opportunity for students to gain valuable work experience in an industry, appropriate to their studies, as part of their undergraduate degree.”

- **Usual fulfilment of work duties**
- **Exposure to different departments**
- **Project work**
- **Research**

We offer both academic and non-academic placement programmes or varying length to suit

Engagement Options

01

Placement year

02

Final Year Projects

03

Graduate Recruitment

04

Corporate Partnerships &
shorter non-academic
placements

Why a placement?

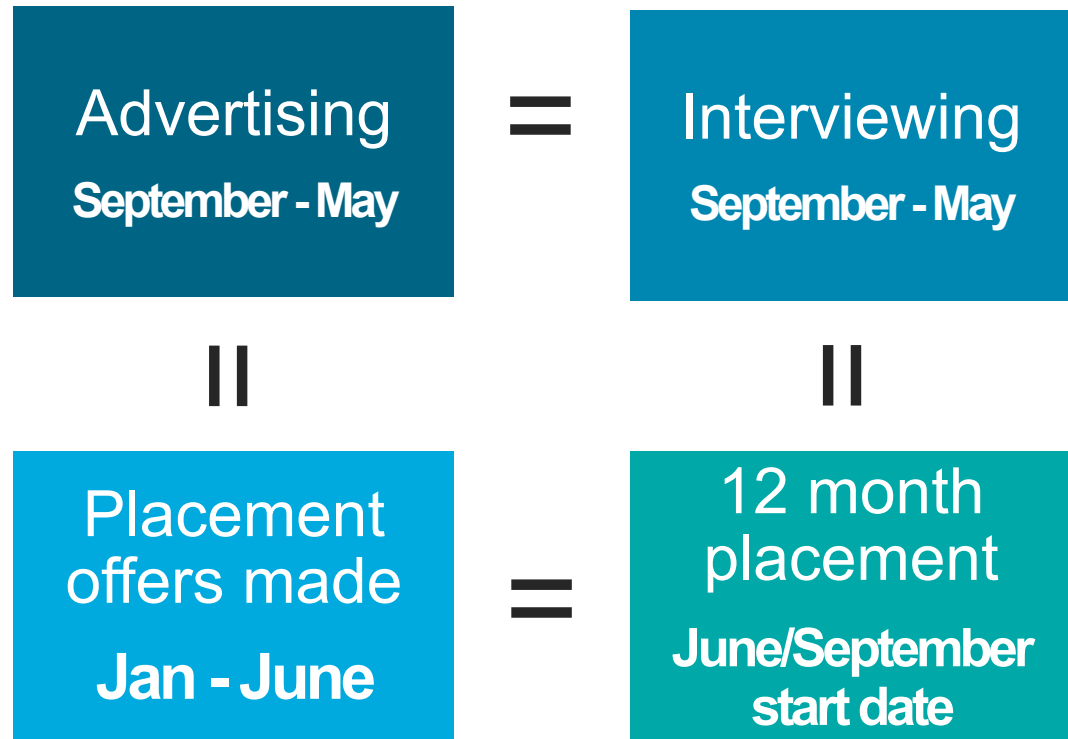

- Specialist knowledge – Project work
- External viewpoint – fresh ideas, powered by the latest Management thinking
- International Perspective - 2000 students from 60 countries
- Identifying future graduate employees – talent spotting
- Corporate Social Responsibility

The Placement Cycle

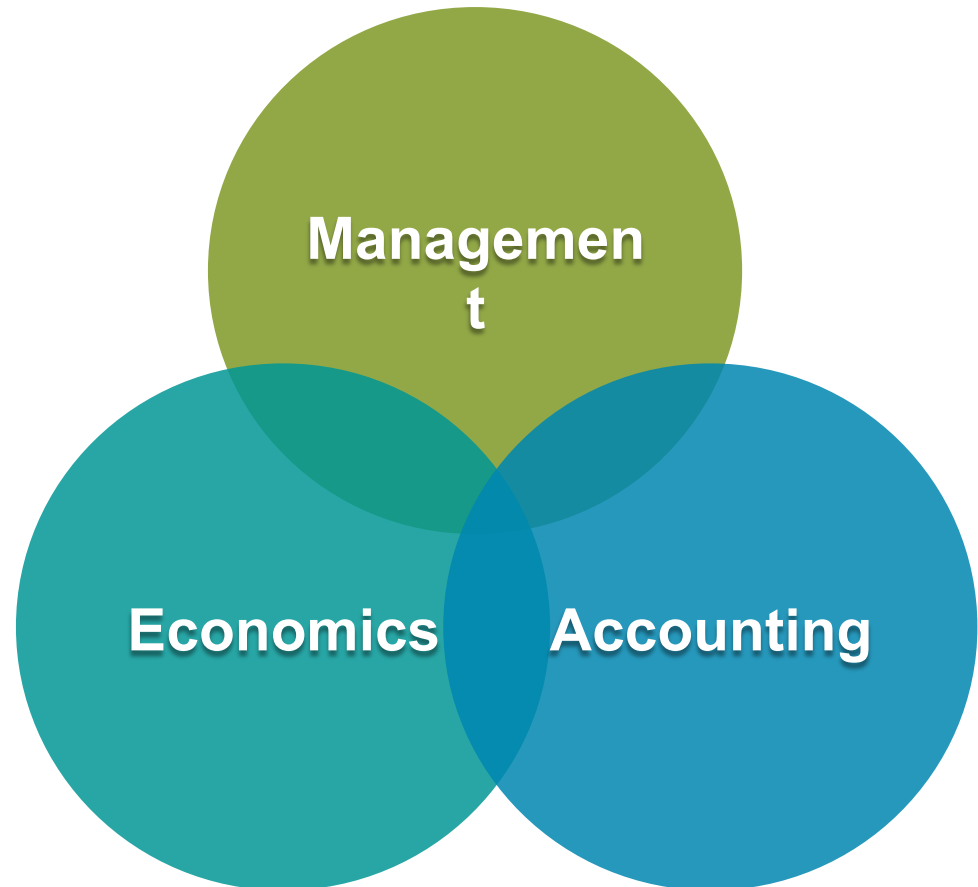

- Advertising – we advertise to all our students and continue to promote your placement opportunities to available students
- Interviewing can be done at a location of your choice, including the Bay Campus
- Placement offers are made at anytime after the Christmas period usually
- The placement must run for a minimum of 42 weeks for academic reasons

Why Swansea University School of Management Students?

- Supported by in-house Careers and Placements team
- Compulsory Employability Skills module for all placement students
- Options of 12 month Placements or shorter non-academic engagement opportunities
- Master Classes/Guest Lecturing
- Great exposure to all levels
- Excellent teaching and research
- Bay Campus – Facilities availability and use

Case Studies

01

DTR Medical

Placements & Projects

Single use surgical instrument supplies company based in Swansea. Have had a student on a 12 month placement and also had a student project this year which proved successful. DTR Medical is also a Corporate Partner of the School of Management

02

Recon Regen

Placements & Projects

Reconstructive and Regenerative medicine company. Supported by Dr Emman Combellack they have engaged in 12 month placements and a final year project this year. One of the first companies to become a part of our original placement pilot scheme.

03

Hospital Innovations

12 Month Placement

A brand new addition to the 2016 Placements cohort. Hospital Innovations have offered one of our students a full 12 month internship starting in the summer of 2016. It is hoped that they will engage on other projects also as time progresses.

Other Key Points

5 days a week drop in and meeting service available to all students from year 1 – right the way through to graduate level. We visit all placement students on-site at least once and are in Monthly contact with them during the placements

Our students come from all over the world and have proven themselves very talented. The selection of options they have to study with us, means that they can specialise.

The School of Management is partnered with the Bevan Commission, among many other organisations.

Placement Award Ceremony

Recognition for all the hard work that businesses and students put into the placements opportunities.

From Left to right,
Dr Emman Combellack (ReconRegen), Liz Robbins (SIO Manager), Julia Wein (Business Management Student)
