

CatSci Ltd

- Spun out from AstraZeneca Dec 2010
- Privately owned business based in Cardiff UK

CatSci Ltd

State-of-the-art laboratory
with modern fume hoods
and 10 m glovebox

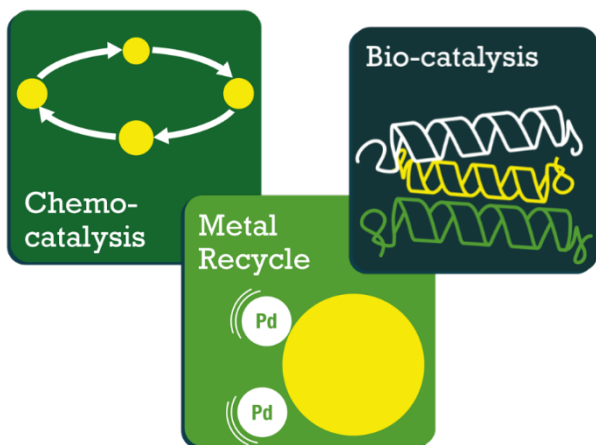

35 bar hydrogen delivery
system and
comprehensive analytical
capability

The CatSci Team – 5 Years On

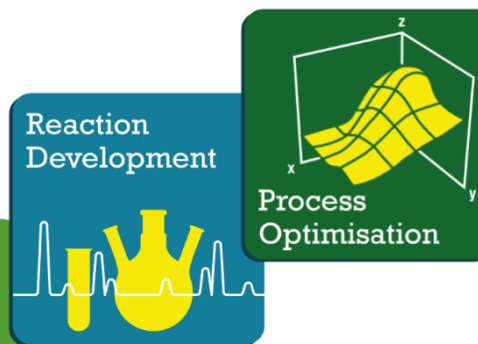

About CatSci Ltd

CRO providing customised R&D services

Applied
Catalysis

Chemical Development

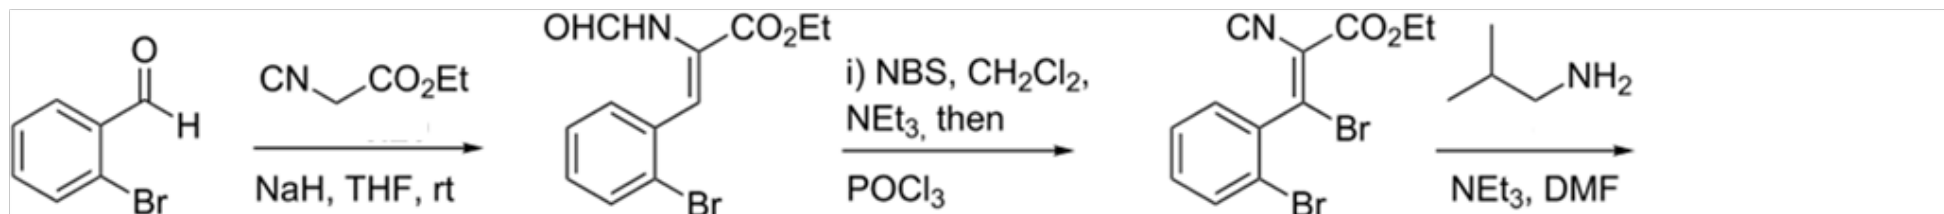

Custom Synthesis
& Material Supply

Chemical Development

reagent?

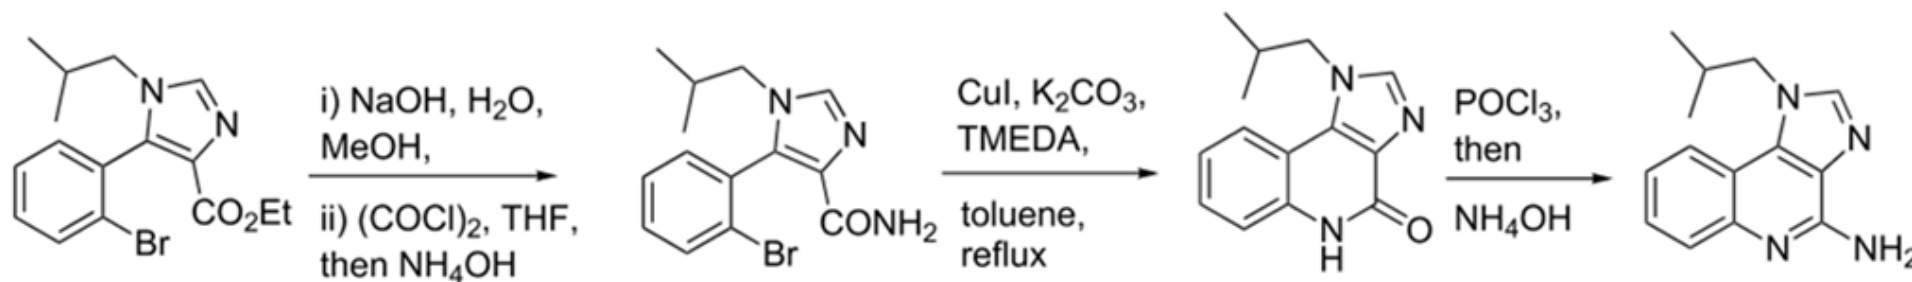

single step?

safe?

scalable?
solvent?

solvent?

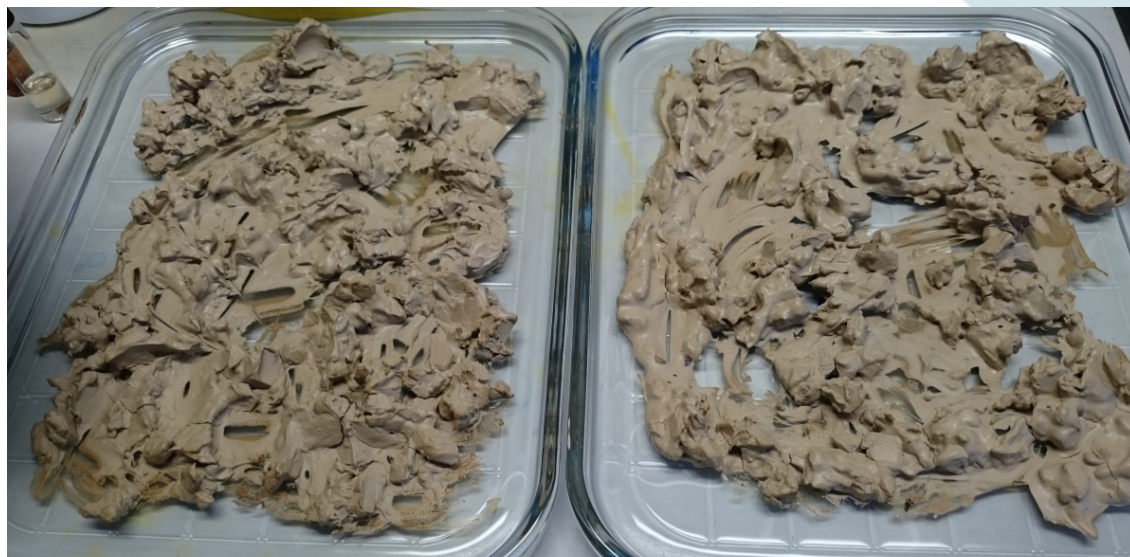

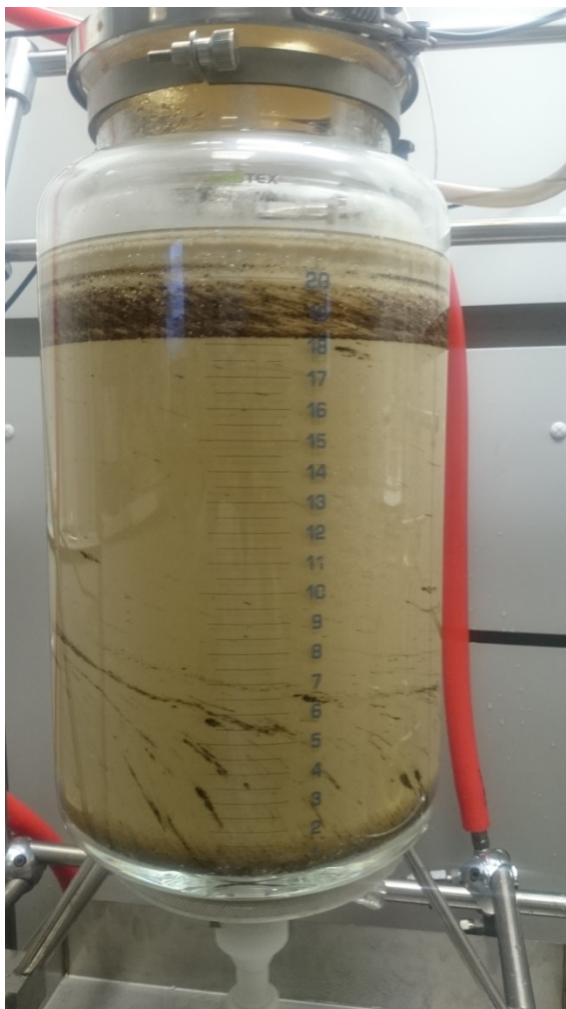

new route?

International Drug Dealing and Development

Chemical Development in Practice

Chemical Development in Practice

underpinned by...

- consultative approach
- reaction understanding
- profiling and kinetics
- experimental design
- reagent mapping
 - ligands
 - solvents
- analytical excellence

CatSci Ltd

Please contact us to explore whether or not we could help you achieve your chemistry objectives
